

MPG5 Miniature Parallel Gripper

The **MPG5 Gripper** is designed for pick & place of small pieces. The cutting edge design of the MPG5 allows for manifold mounting a series of MPG5s in line without the concerns of space for fittings or air lines. Another unique feature of the MPG5 is the dual-purpose purge port that is part of every gripper. This feature facilitates use of the MPG5 in some clean room applications and very dirty environments.

A.

Shielded design for long service life. High grip force to weight ratio.

B.

Top porting allows units to be manifold mounted eliminating air fittings. Side and Top porting standard.

C.

Purge port will evacuate any contaminants from inside for a clean room environment. When pressurized the purge will keep debris from entering unit in dirty environments.

D.

Jaws are aluminum bronze alloy and T-Slot style to prevent jaw breakage.
